

2017  
Medallion  
Junior Golf  
Program

## *OUR PHILOSOPHY*

The Medallion Junior Golf Program is designed to give junior golfers of all ages and abilities, an opportunity to learn the game of golf in a safe, welcoming, and FUN environment!

The junior program offers different levels of instruction so that juniors of all ages and abilities can participate. From younger kids who are just learning the game and are developing into athletes, to those juniors who are looking to compete at the high school level and beyond, we have got them covered.

First and foremost, we want all of our participants to have fun playing golf. The more fun they are able to have with their friends, the more likely they are to continue playing and learning the game.

The various instructional levels available allow us to tailor our instruction to each participant based on their age and physical development. Younger instruction is more general and focused on creating athletes. "Near Golf" activities teach general athletic skills and will develop into golf skills and motions at an older age. As the kids become older and get into our second program, these athletes can start to be molded into golfers. This is where we will begin to build a foundation in the different areas of golf (putting, irons, short game, driving, etc.). Instruction for the advanced player will be much more specific, and will involve activities and drills that focus on translating their fundamental skills into the ability to score the best they can.

The following pages run through the dates and specifics of the Junior Golf Program. If you have any questions about any aspect of the program, please do not hesitate to ask any of the golf professionals!

There are three assessment days built into the clinics to provide baseline skills, a progress report, and final skill level. Kids will have the opportunity to advance through the program at different levels based on these assessments (similar to belt color in karate)! The assessments will take place on May 30<sup>th</sup>/June 1<sup>st</sup>, July 4<sup>th</sup>/6<sup>th</sup>, and August 8<sup>th</sup>/9<sup>th</sup>. Because these assessment days are very important to the program, we will be offering make up days for juniors who are unable to attend that week.
